3 Reasons to use Cloud CMA

1

The Importance of Branding for Real Estate Brokers

As a real estate Broker you and your agents are your brand. You need prospective and existing clients to identify with your brand to get listings, referrals and repeat business. Stand out among the other companies and teams with powerful reports and branding.

2

Cloud CMA Vs The Competition

Many agents and brokers have switched from other CMA programs to Cloud CMA and their reasons for doing so are simple. Cloud CMA has a more modern interface, integrates with MLS data automatically, and works seamlessly with your iPad without the use of additional software. We offer special incentives to brokers who switch from other programs to Cloud CMA.

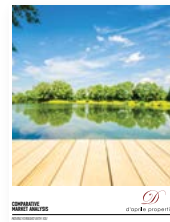

3

Custom Interactive Tablet CMA

As a broker it's important to make sure your agents have the right tools for the job. iPads and tablets are quickly becoming one the best tools for sales professionals ever created. The iPad should streamline the listing presentation and with Cloud CMA's custom Interactive iPad CMA you can easily differentiate your brokerage and help your agents stand out in the marketplace.

Brokers, rise above the rest, with a Cloud CMA Custom Theme

With a Cloud CMA Custom Theme, you can create custom report sets with a look and feel that matches your company branding. Custom content pages can also be added to reinforce your brand marketing efforts.
